

# CARBON FOOTPRINT OF BUSINESS TRANSPORT

Michael Gell

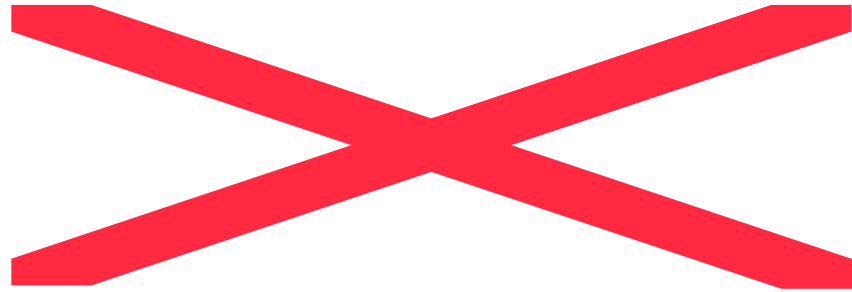

**Xanfeon**

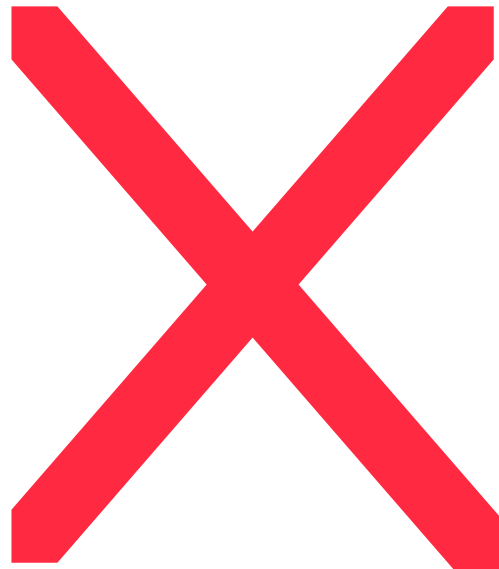

[www.xanfeon.co.uk](http://www.xanfeon.co.uk)

# emissions pathway for 2°C

what are the market and other signals  
that the business should be picking up?

“Anglia Water has told its suppliers and contractors to reduce their carbon footprint ...

... they will be scored accordingly.”

The word "Customer" is written in a stylized, blue, 3D font with a red outline and a drop shadow effect.

**10 April 2008**

**Managing Director  
Supplier**

**Dear Sir**

**We are undertaking a review of the environmental impact of the goods and services we purchase from our suppliers.**

**Can you please provide the following information to us by 30/6/08 using the enclosed proforma:**

- (1) the carbon footprint of your organisation (in tonnes CO<sub>2</sub>) and what you are doing to reduce it and**
- (2) the carbon footprint (in kg CO<sub>2</sub>e) of the goods and services we purchase from you.**

**Thank you.**

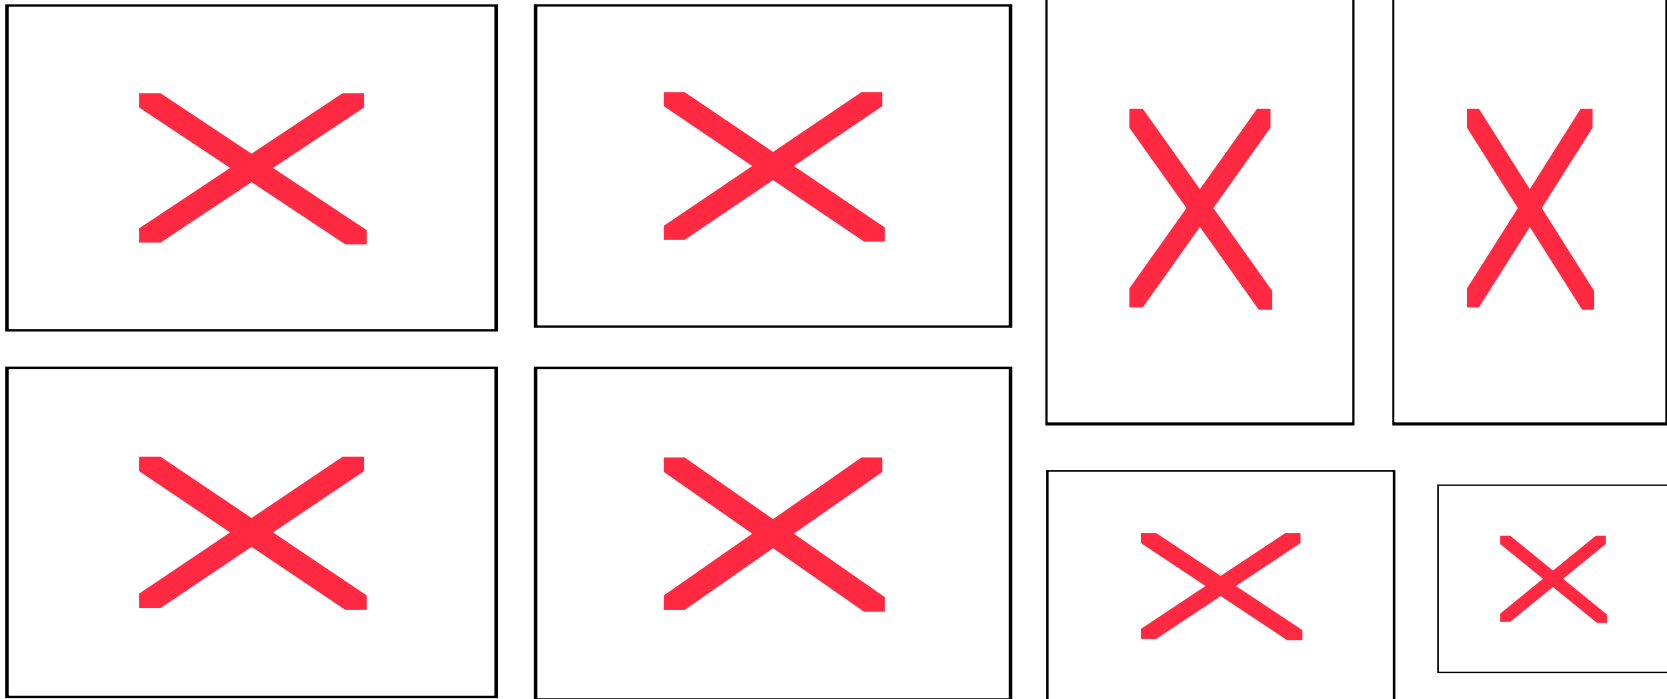

**Yours faithfully**

**A.N.Other**

**Procurement Manager**

# business transport

examples in the business carbon accounts

# business carbon accounts

business utility footprint

.... tonnes CO<sub>2</sub>

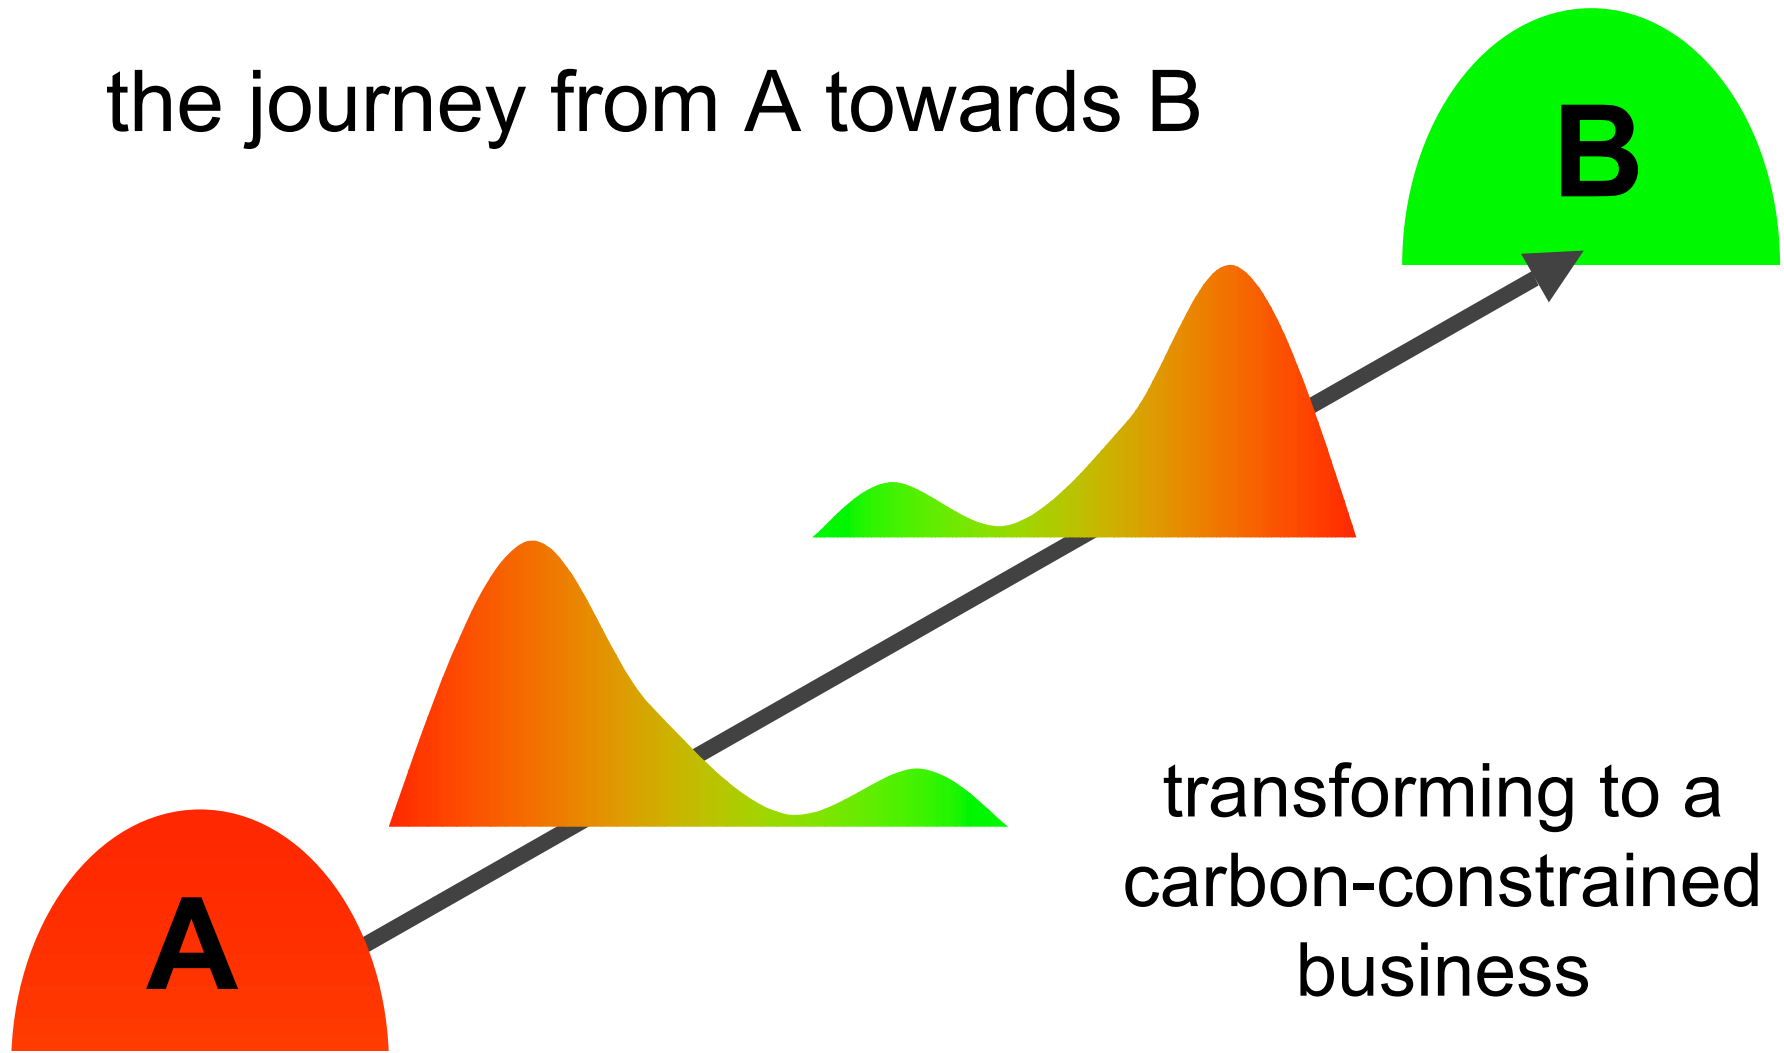

business transport footprint

.... tonnes CO<sub>2</sub>

other components

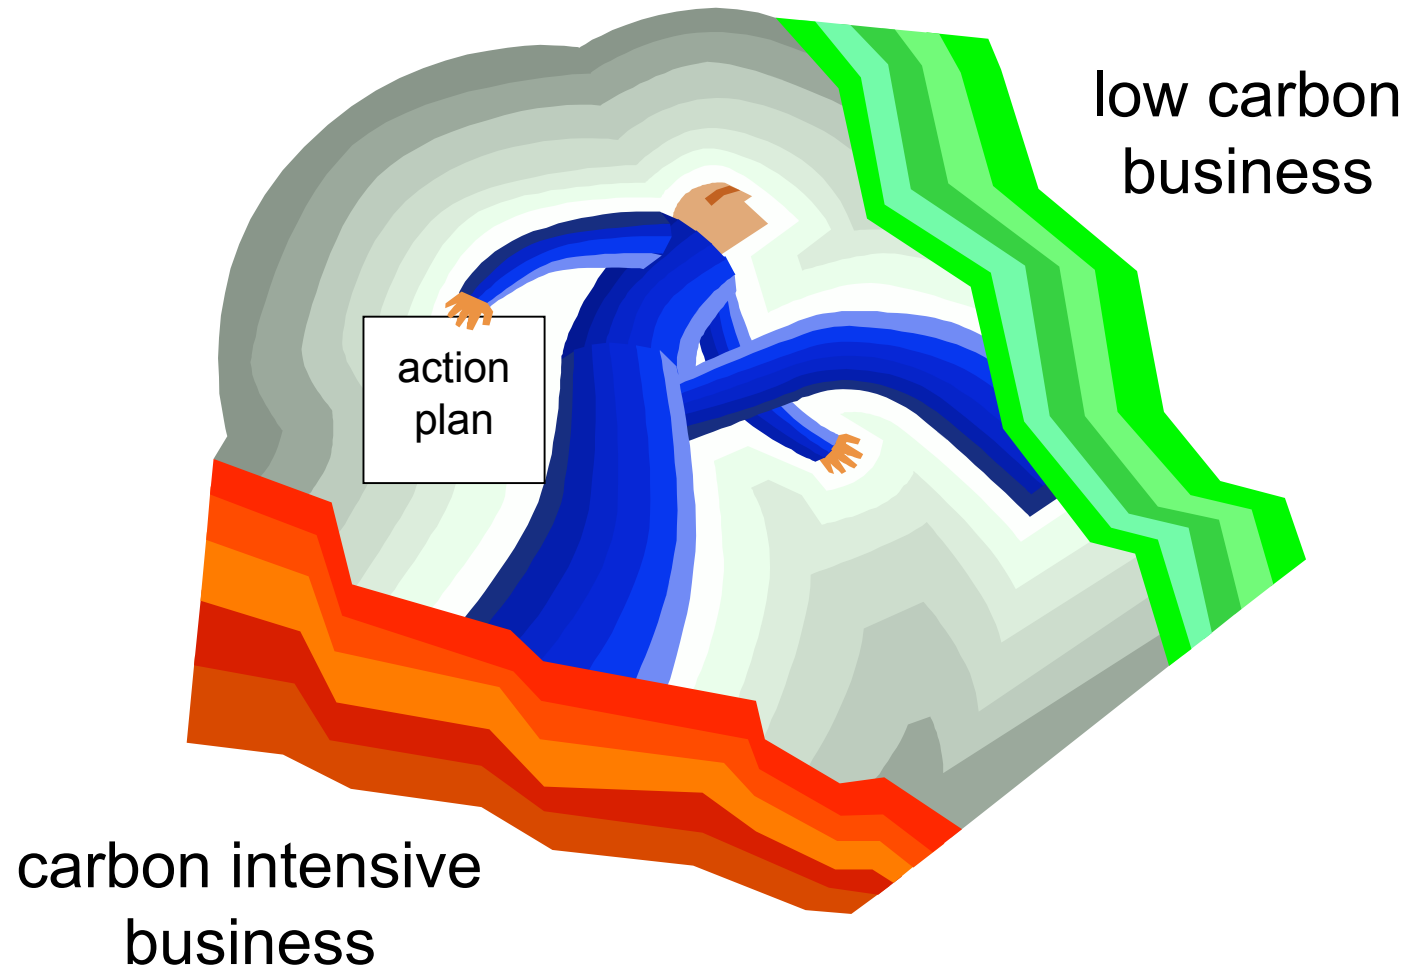

.... tonnes CO<sub>2</sub> (e)

the journey from A towards B

transforming to a  
carbon-constrained  
business

# action plan for footprint reduction

# Thank you
